Milwaukee Heavy Duty Drill & Speedy Tool Accessory

Product Details

- Lightest weight and balanced.
- 0-2500 RPM, Variable Speed Control.
- Powerful 6.5 amp Milwaukee motor.
- Ramp-off depth locator.
- Quiet snap-action clutch.
- 10' 2-wire Quik-Lok rubber cord.
- All metal gear case and diaphragm.
- Comfortable tactile grip and 2-finger trigger.
- Removable belt clip with integral bit storage.
- Improved guidance system for less run-out.
- Compatible with the speedy tool.

The Speedy Tool accessory simply screws right on the drill bit nose cone of your drill. The Speedy Tool is lightweight and can greatly reduce the time of fastener (screws) installation. Eliminate the all too common problem of overdriving your fasteners with the Speedy Tool.
